To Whom It May Concern:

I would like to take this opportunity to introduce *Indo American Chamber of Commerce – USA (IACC-USA)*. The IACC-USA is a non-profit business organization representing all Asian American Indians and Asian American Indian-related business groups, and American businesses, with vested interest in furthering their business, within the Asian subcontinent. Enclosed, you will find valuable information that will help you in making a decision to join IACC-USA. There will be several programs and opportunities available to you as a full member to further expand and network your business. In addition, you are able to choose the membership level that you feel will best suite your particular business needs.

We promote, nurture and propel economic growth by opening doors of contract, education and professional opportunities for Asian American Indians and their business partners in corporate America and government agencies.

IACC-USA presents issues of importance not only to Asian American Indians, but also, to those who want to do business with Asian American Indians in the United States and abroad. Our business colloquies will have access to programs such as Technology Transfer, Race Relations, Asian Americans and Political Fundraising, How to Market to Asian Americans, Teaming with Strategic Partners to Build Capacity, and Building a Strong Business Relationship between the Two Great Democracies.

Membership benefits are worth the investment. Join the community of countless corporate, government, and Asian American Indian-owned businesses.

We would very much like to further our discussion about your business becoming a full member of The Indo-American Chamber of Commerce – USA. If you have further questions, please feel free to contact us directly at (866) 740-0141. We look forward to hearing from you in the near future.

Regards,

Avinash Rachmale  
Chairperson
